

CALGARY'S BAD STORM

SNOW AND RAIN WORK DAMAGE

Over Three Inches of Rain Fell in Twelve Hours—List of Buildings Damaged.

Calgary, June 15th. — The great rain storm is very general throughout Alberta. The high wind was accompanied by some snow between Red Deer on the north, Langdon on the east, High River on the south, and Cochrane on the west. The snow was slushy and melted as rapidly as it fell.

The rain extends all over Alberta. It is clear and bright, however, at Medicine Hat.

A great deal of damage has been done in Calgary, many houses and stores being flooded by leaky roofs. The wind has torn down many signs, and at six o'clock this morning the weather office in Calgary showed that the wind was blowing 36 miles an hour.

Three and three-tenths inches of rain fell from six o'clock last night until six o'clock this morning in Calgary. This is the record so far as the amount of rain has been ascertained from the authorities. At this rate, figuring 50 tons of water to the acre for each inch of rainfall, more than 150 tons of water fell on every acre of ground in the Calgary district last night. Since the rain was quite general throughout Alberta this means that the whole country has been saturated.

It is one of the most remarkable June storms Alberta has ever experienced.

The majority of the business blocks did not prove weather proof, and the damage will run up into big figures. The hotels were also victims.

The Calgary Hardware Company are heavy losers, the greater portion of the stone work on the north end of their building being torn out, where their addition is being built. Manager Lawrence says their damage will be heavy.

The Hudson's Bay were fortunate, only a very small leak showing in their block. The big skylights in the Norman and Clarence blocks gave an opportunity for the rain to come through, and though some of the stores in the lower floor escaped, there is a lot of water in the corridors of the Alberta Club. The Lyric Theatre was damaged slightly. Baylors' Fair has lost heavily, the water coming down the walls, and has played havoc with the line of goods handled by this store. The Calgary Milling Co. had a very sorry looking shop this morning, but they report their loss will not be so heavy as was expected. The Calgary Clothing Company were badly wet, the addition to the rear of their store leaking. Higgs' furniture store has had a wetting, and Nelson's suffered, though in a smaller degree. The water pipe from the roof of the new Calgary Saddlery Company clogged, and flooded them badly. The Armstrong block was another building which did not turn the water. In the Herald block the Calgary Library suffered heavy damages, which will run into hundreds of dollars.

The Alberta hotel top flat is badly damaged, and a number of the rooms and the corridors will have to be repaired and repainted. Several other hotels were also sufferers. The Union boarding house south of the track, on First street west, was in a bad mess this morning, there being scarcely a dry spot in the first or second floors.

There has not been any great rise in the rivers so far.

WETASKIWIN WON.

In what was undoubtedly the fastest game of baseball ever played on local grounds Wetaskiwin won from Edmonton last night by a score of 2 to 1 in eight innings. Although the rain in the latter part of the game made it somewhat uncomfortable and necessitated the final ending, the play was fast and snappy right up to the

close of the game. The two teams were very evenly matched and with two batteries that played the finest kind of a game the play was certainly as good as spectators wish to see. Every score was the result of errors, Edmonton having two and Wetaskiwin four marked up against them. Had it not been for the good work of Pitman, Wetaskiwin's pitcher, (Edmonton would have secured better advantage of the visitors' errors, but as it was not so fortunate, Wetaskiwin secured the first score in the second innings and the local team came back at them in the third, making the score 1 to 1, which it remained until the first of the eighth innings when Wetaskiwin scored again. Five minutes later the game was called on account of rain leaving Wetaskiwin the winner. The line up of the local team was as follows:

Till, 1; Hunt, 1; Dobson, 4; Schenck, 2; Maloney, 3; Deaton, 5; Milne, c; Bishop, r; Johnson, p.

The score by innings is given below.

Edmonton.....00100000—1
Wetaskiwin.....01000001—2

ORCHESTRA CONCERT.

The advance sale of seats for Clarke's orchestra concert has been very satisfactory. Among the special songs to be given are:

"Death of Nelson" with cornet obligato.

Jackson Hanby.

"Creole Love Song," harp accompaniment.

Miss Webster.

Torador song from Bazet's Carmen.

H. Stutbury.

Quartette "Sweet and Low."

Duet for two cornets.

Messrs. Clark and Storey.

The stage is being elaborately decorated with flowers and bunting.

CHURCH SERVICES.

All Saints—Services during the day as usual. Rev. H. A. Gray officiating.

The morning services in the Presbyterian, Methodist and Baptist churches tomorrow will be conducted by members of the McMaster band.

The evening service in the Presbyterian church will be conducted by Rev. Mr. Griffith, of Honan, China.

GUARD OF HONOR.

The Imperial Service Medal Association met on Monday evening and decided to offer their services to the city as a guard of honor on the occasion of the swearing in of the Lieutenant-Governor.

The order of parade will be:

Veterans of 1866, 1870, and 1885, in civilian clothes, wearing medals.

1. A. veterans not possessing uniforms, in civilian clothes, wearing medals.

2. A. veterans in regimentals, carrying rifles, wearing medals.

It is expected that 150 men will be in line.

A preparatory drill will be held in the yard of the Edmonton Carriage Co. on Tuesday evening next at 8 o'clock, when all members are requested to be present.

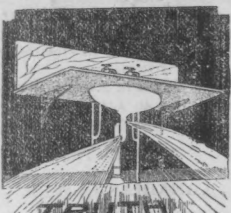

OPPOSING GENERALS

WILL SIGN AN ARMISTICE.

The Armies in Manchuria Will Cease Hostilities While the Diplomats Talk Peace.

London, June 17.—Alone on the mighty plains of Manchuria midway between the two great armies, the Russian and Japanese commanders will meet to sign an armistice which will pave the way for a peace conference. Exchanges on this point are now in progress between Tokio and St. Petersburg, but no conclusion has yet been reached. It was first thought a preliminary protocol might be signed at Washington providing for the temporary cessation of hostilities, but in view of the fact that this concerns directly the armies in the field, it is believed that the belligerents will agree that the arrangements for an armistice may be entrusted to Linevitch and Oyama, who, in such event, would be telegraphed special powers to sign the documents. The time limit for the armistice will be brief, that the progress of the conference may be assisted as much as possible.

—R. J. Ward, the representative of the Moscow Comic Opera Company arrived in Edmonton this morning. He proposes to introduce this famous company to the theatre-goers of this city during the week of June 26 if sufficient local encouragement is evinced. The company it is stated, numbers thirty people and was organized in New York City by W. Cranston for the purpose of giving western people something out of the ordinary in comic opera.

THE TRUTH WILL LEAK OUT, but water comes in jets. If it were the other way we'd all have to be honest and we wouldn't need

THE PLUMBER.

As things are, however, all we can do is to employ an honest plumber who knows his business—one who will put in good material and put it up to stay. That's what we try to do here. We supply everything necessary for fitting up the bath-room and we do the fitting ourselves.

THE POUND BY LAW

In the adoption of the new pound bylaw the city council have made an earnest attempt to re-establish a pound or pounds within the city limits and to provide for the keeping and conduct of the same in an efficient and generally satisfactory manner.

As a legislative product the new bylaw certainly covers the case more fully than its predecessor, and is probably carried more into detail than any other past or present enactment of the city council. Under its provision is made for everything from the delimitation of the pound districts and the appointment and remuneration of pound-keepers, to the quality and quantity of food which shall be supplied to the animals impounded. Indeed, if, in this regard, fault is to be found with the bylaw, it is that it goes too much into detail and fixes by legislation what might quite as well have been arranged by the executive department of the city government. The new measure is too lengthy for publication, yet without publication it is difficult to see how the citizens are to secure any adequate knowledge of the system which it inaugurates.

The purpose of the bylaw is to supplement the previously existing arrangement by the establishment of one which shall be free from the defects of the former. While the measure in which this purpose has been obtained can be judged only after an effort has been made to work out the new plan, it does not appear probable on the face of the matter that the main difficulty has been satisfactorily met. That difficulty for years was to find a poundkeeper willing to undertake the duties and bear the criticism incident to the position for the revenue accruing from poundage fees. As the new regulations do not lessen either the duties or responsibilities of the position nor increase the remuneration it does not appear that in this the practical phase of the question, the problem has been solved.

MR. HAULTAIN.

Under this heading the Winnipeg Free Press deals with the Territorial Premier and his political plans as follows:

While Hon. F. W. G. Haultain is bent to do whatever he can for the Conservative candidates in Ontario, as he has always been willing to do for any Conservative candidate, he is at great pains to save the shreds of the robe of non-partisanship with which he has successfully draped himself in the past. "In fact, we have not got accustomed to calling ourselves Liberal or Conservative in matters affecting the Territories," he said to a Toronto News reporter. "The Toronto Mail also assures us that throughout his speech at London, Mr. Haultain made it distinctly understood that he was not appealing to London from a political standpoint but as one Canadian to another."

At the same time the Western Conservative press is at great pains to represent Mr. Haultain as a man much above the standard of the ordinary politician; as a statesman of such standing that the loss of his services would be a calamity for the country. Opposition to his ambitions is regarded by these parties as almost sacrilegious. There were indeed some Conservatives in the Territories who proclaimed Mr. Haultain their leader, and invited a straight party fight in the new provinces. But since Mr. Haultain's visit to Calgary they have come to see that it was a tactical blunder to take that position. The Red Deer News, which was one of the innocents after due discarding apologies in its last issue as follows:

"After mature consideration, after hearing more fully the views of Hon. F. W. G. Haultain, who is likely to be called upon to form a government in Alberta, and having in view the direct interests of Red Deer in the

immediate future, the News cannot conscientiously endorse a party struggle at the present time, but will advocate the election of such non-partisan candidate as it believes can most effectively serve our common interests at the present critical juncture."

The cat is thus out of the bag, Mr. Haultain himself says that he has no definite plans as to the future, but a man's friends may be trusted to give him away. Mr. Haultain will, if he gets a chance, try to retain office in Alberta with the nominally non-partisan Government.

In view of political intrigues, conducted so persistently under false colors, it is perhaps time that the true measure of the Premier of the Territories should be taken. Mr. Haultain came out West when lawyers were few and the need of legal talent frequent and he found "the road to office an easy one. Much is made of his success as an administrator since then. If we look back however, we do not find that Mr. Haultain accomplished very much in his negotiations with his Conservative friends, while they were in power at Ottawa. It was left to a Liberal administration to give to the Territories their first measure of responsible government in 1897. It is said that as Premier, Mr. Haultain discharged the limited duties of his office creditably. Justice demands that we should remember also the men of ability, Liberals like Hon. Senator Ross, Chief Justice Sifton and Hon. Mr. Bulger, who advised him and co-operated with him. If there is credit, these also are entitled to a share of it. The influence which each member of the Cabinet exercised, it is hard for those outside to estimate; but of Mr. Haultain we know that as soon as he felt behind him the influence of a Conservative organization he most unwisely sought to bulldoze the Ottawa Government into granting a hasty measure of autonomy. Perhaps he was in a hurry to have the Territories made into one province before they got so big as to be beyond his grasp. Perhaps he only meant to embarrass the Liberal party for the benefit of his political friends. It matters little. The fact remains that he proved a total failure as a diplomat and showed an entire lack of political acumen in the electoral campaign which followed.

Since then Mr. Haultain has learned something. He apparently knows that in the new province of Saskatchewan he would not have the least chance of being returned to power. He also feels that even in his old Alberta home his prospects are of the sombre hue unless some sly manoeuvres can be executed to retain the solid Conservative vote while drawing from the Liberal ranks. Consequently the word has gone forth to hold aloft the banner of non-partisanship for the benefit of the Liberal voters. As to the Conservatives they understand each other. Mr. Haultain's present tour in Ontario is an earnest that he stands ready to do their work at all times. It should also be a lesson to the people of the country as to what manner of man Mr. Haultain is and what degree of political courage he possesses.

If we accept the Mail's friendly report of his speech at London, Mr. Haultain again declared that he did not propose to deal with any particular school system. All that his presence would allow him to declare was that "the West should not be asked to come into Confederation saddled by any restrictions when they were unable to say what their views were."

Thus leaving the door wide open for himself he proceeded to use the lowest tactics in vogue with present day Tory politicians. Says the Mail reporter:

"But Mr. Haultain wanted to know whether he would give the West the same autonomy as the other provinces had, or autonomy after the recipe of Mr. Sbarretti. Still he had not want to be understood as saying anything against Mr. Sbarretti. He had done only what he was sent out to Canada to do. Every man had a perfect right to approach the Government regarding any of their rights, but what Mr. Haultain objected to was being ignored while representing the people of the West, when on the other hand an ecclesiastic was consulted."

After thus availing himself of a credited story to "arouse religious feeling, Mr. Haultain had to continue in his chosen path and come down to the most vulgar and pointless personalities. We still quote from the Mail:

"Hon. Clifford Sifton, as a member of the Government, drawing \$7,000 opposed the original change and resigned. Then as a private member drawing \$1,500 a year he supported it. The difference between Mr. Sifton's

conscience when a Minister and a private member, seemed to be \$5,000."

Whatever Mr. Haultain's insinuations may mean, his whole speech clearly brands him as a cheap politician seeking personal advantage by any means. While he has not been able to change the fortunes of the country to any great degree in the past, he gives us fair warning that he means to make all the mischief possible in the future. "The religious hatred which he tried to arouse at London, he means to keep alive forever. But, don't you believe in calling peace peace when there never will be peace" so long as there is coercion, and a violation of provincial rights" were his closing words at London. To the reporter of the Toronto News he also said: "The people of the East must not think that the fight will be over when the Autonomy Bills have passed. It will only be just beginning, and will probably be fought in such a way that the struggle will not be confined to the North West Territories." And as if that was not enough he told a Mail reporter the next day: "I said when the question was introduced, that no change would be made in the existing school system of the provinces if they were given their rights in that direction. The result might be different now, for ultra-Protestants might clamor for reform."

Mr. Haultain stands free to open his sails to every wind, to "consider any particular school system," but of one thing he is sure: there must be strife, race and creed antagonism, because in the conflict he hopes for advancement. That is against which those who have the peace and prosperity of the West at heart cannot overlook.

GOOD AGENTS FOR THE
Oliver Typewriter
IN ALL
UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

BIRCH LAKE.

Gilpin, June 6.—The election of councillors for townships 49 and 50, range twelve, took place on May 22. Mr. Howard Empey was elected councillor for 49-12, and Mr. E. Downs for 50-12.

Our community will be glad to know that local improvement work will soon be commenced.

Mr. Verner Gilpin, who has been making another trip to Wetaskiwin for store goods is expected to arrive soon.

MacDonald and Empey Bros. have been building an addition to their houses.

Mr. MacDonald has moved into his new cabin and Mr. Slowman is building a house.

Rev. R. K. Swinerton is preaching on the Birch Lake circuit while Mr. Bradley is absent.

One of the settlers of our neighborhood, who has made a round trip of three hundred and fifty miles, reports that the crops in Birch Lake vicinity are in advance of those along the C. and E. line.

Will Puttman who had been out to Wetaskiwin for the baseball season, has not yet returned.

Not A Standing Army.

Ottawa, Ont., June 12.—Mr. Borden, the Minister of Militia, secured the third reading of the bill increasing to \$20,000 the sum which the government may annually spend on salaries in connection with the Royal Military College at Kingston. The bill empowering the government to increase the permanent force was then discussed.

Mr. Foster remarked that the increase of permanent corps looked very much like the establishment in Canada of the nucleus of a standing army. The question in his mind was how far the Dominion can afford to go on that line and at the same time do full justice to the militia, which after all would be the backbone of any force we might need for defence purposes in time of war. The South African campaign had proved that what is wanted for an efficient defence is a large force of men, not necessarily trained soldiers, but acquainted with the use of the rifle. In his opinion, therefore, the government should keep down its permanent force to what is needed for instructional work among the militia. The maintenance of the important defences at Halifax and Esquimaux would cost a great deal of money. He thought the government should furnish the House with a carefully prepared estimate of how much the country would be called on to pay for the defence of the two places.

Mr. Frederick Borden replied that Mr. Foster might set his mind at ease. The government had no intention whatever, of setting up a standing army in Canada. Their intention on the contrary, was to adhere to the policy adopted shortly after confederation and to maintain depots of the permanent force for the purpose of training the active militia on which the country would have almost exclusively to rely for its defence. In so far as pertained to Canada's intention to garrison Halifax and Esquimaux with our own troops, to that extent we might be said to have set up the nucleus of a regular army, but no further.

The government had offered to assume the burden of keeping up the depots at Halifax and Esquimaux and their offer was accepted by the imperial authorities. The government was therefore committed to this policy and could not back out at this stage. At all events he was under the impression that the House and country would approve this additional step towards relieving the British taxpayers of the last feature of the expenditure he has borne for the defence of Canada on Canadian soil.

The minister added that there was not a particle of foundation for the statement in the London Times copied from Ottawa to that paper that the establishments of the various militia regiments were being reduced on account of the Dominion having promised to man the imperial forts on the Atlantic and Pacific coasts.

Col. Tisdale said in his opinion the people of Canada would not be satisfied to shoulder this heavy financial burden without more information than the government had already supplied. The responsibility of keeping up for all time to come these stations whose chief function was to serve as points of refuge for the British fleet, called for grave consideration before being undertaken.

The Minister of Militia estimated that \$1,000,000 would cover the cost of maintaining Halifax and Esquimaux defences. In addition thereto

new armament would have to be purchased from time to time. "If it were only for the defence of Canada," remarked Col. Tisdale, "the situation would be very different."

"Canada is part of the empire," responded Sir Frederick.

THREE YEARS
OLD

WHEN the tobacco I have personally selected in Cuba is delivered at my factory, I begin a special treatment to still further cure it—develop its delightful aroma.

This special treatment requires two to three years, depending on the "crop."

I work it thoroughly—through various processes of fermenting and drying in specially made apparatuses that enable me to keep the tobacco in each process at certain fixed temperatures and moist or dry at such a degree of humidity—necessary to bring out the virtues I insist on in each cigar.

By having the filler so aged and treated, I make my Pharaoh a smooth, palatable smoke—one with a delicate incense-like flavor and very even combustion.

The binder and wrapper are the Connecticut Broadleaf and the imported Sumatra respectively—both tobaccos that delight the epicure.

Campbell's Clothing

OUR
CLOTHING

is designed to wear and keep its shape and appearance for more than one season, and if you do not find extreme styles in our stock, it is because extreme styles are short lived.

It is a waste to put enduring material and high class work into a garment that will be out of date before it is half worn out.

We aim to meet the requirements of the THRIFTY and SENSIBLE BUYER, who wishes to be well dressed, who wants clothes distinguished by neatness and good taste, instead of merely conspicuous on account of flashy designs.

A large range of Mens Tweed and Summer Suits. Prices run from \$5.00 to \$20.00.

We think we can please you in assortment of styles as well as variety in prices.

This showery weather is just the time you wish for a waterproof coat. Why not buy one of our Cravenette or Showerproof Coats? They are dressy up-to-date styles, comfortable and suitable for any season.

Lion Brand Clothing For Boys.

Sells at \$3.50, \$4.00, \$4.50, up to \$7.00

THE NEWS OF THE DAY

IN CONDENSED DESPATCHES

Brief items from many sources tell the story of the day's events.

G. T. P. STARTS WORK IN A MONTH

Ottawa, June 16.—Mr. Frank Morse of the Grand Trunk Pacific, who was here today says that work on the Lake Superior branch of the road will begin in about a month. The branch will be about 200 miles long. The company has acquired all the land they will need at Fort William on Mission Island. They have about 1,000 acres. For this they paid \$400,000 to the Government.

YESTERDAY'S BALL GAMES.

Winnipeg, June 17.—Yesterday's scores, Winnipeg, 5, Grand Forks 0; Fargo 8, Crookston 2; Duluth 7, St. Cloud-Brainerd 6.

VALUABLE CUP

London, June 17.—Sir Ernest Cockburn has offered a cup valued at \$500 for competition between picked cricket teams of Great Britain, Ireland, Canada and the United States.

OSCAR MAY SELECT KING

Copenhagen, June 17.—If the Swedish Riksdag agree to the dissolution of the union of Sweden and Norway, King Oscar will be willing to designate a prince of the House of Bernadotte as king of Norway in accordance with the request of the Norwegian Storting.

TORONTO FIRE.

Toronto, June 17.—Fire caused considerable damage to the Fairness Milling Co.'s storehouse today. Among other losses are the Ontario Power Co. Gilchrist Planing Mill and Palmer Piano Co.

HIGH BUILDINGS DANGEROUS

Winnipeg, June 17.—A startling assertion has been made by City Electrician Cambridge to the effect that all fire escapes and stand pipes on tall buildings lead to destruction. He says they attract lightning, as was the case of the Scott Furniture block conflagration.

STILL UNSETTLED

Paris, June 17.—The strained relations between France and Germany over Morocco, continues to give rise to serious apprehensions as another menace to the world's peace.

MANITOBA CROP PROSPECTS

Winnipeg.—The Provincial Department of Agriculture has issued a report on Manitoba crop prospects. This report based on the returns of correspondents of the department is of particular value at the present time. In regard to the total area under crop there is a marked increase over that of last year amounting in all to 433,177 acres, of which by far the largest part is due to the increase in the area under wheat, amounting to 231,353 acres, the total wheat acreage being 2,643,588. With a fair average crop a bumper yield may be therefore expected. Wet weather militated against early seeding of coarse grains but these crops have now got a good start and should do well under average conditions. The hay crop promises to be exceptionally heavy and meadows and pastures are in excellent shape. So that dairying prospects are bright. Altogether the season promises to be an unusually good one.

WEATHER

The weather has been cool and showery in all districts. This morning it is still raining a little near Regina and Qu'Appelle, and also around Person, but in Manitoba generally it is clearing. There will be northerly and westerly winds, generally fair today and on Sunday growing warmer. A few scattered showers.

PROPRIETOR

EARN A Comfortable Living WITH A Chatham Incubator

Poultry raising with a Chatham Incubator is a very profitable and easily managed occupation. Unless you want to go into it extensively it need take but very little of your time. Government reports show that the demand for chickens in Canada is greatly in excess of the supply and Great Britain is always clamoring for more. That means a steady market and good prices for chickens. You cannot raise chickens successfully with a setting hen. She is wasting time setting when she should be laying. While she is hatching and brooding a few chickens she could be laying five or six dozen eggs. The percentage of chickens she hatches is much less than that produced by the Chatham Incubator.

It will pay you to own a Chatham Incubator.

Chatham Incubators contain every improvement of importance in incubator construction that has been produced. They are made of thoroughly seasoned wood, with two walls, case within case. Between these walls mineral wool is packed so that the very best insulation. Each piece of the case is mortised and grooved and screwed, making the whole as solid as a rock. Chatham Incubators are equipped with scientifically perfect regulators which are an infallible means of regulating the temperature.

No cash to pay until October, 1905.

We will start you raising poultry for profit with a Chatham Incubator without one cent of money from you until next Fall. That means that you can take off seven or eight batches and make considerable money out of the incubator before the first payment becomes due.

We couldn't make this offer if we were not certain that if you accept it you will get complete satisfaction, if we were not positive that the Chatham Incubator will pay you a handsome yearly income.

This is a straightforward offer. We make it to show our supreme confidence in the Chatham Incubator. We want you to accept this offer as we are sure of the satisfaction our incubator will give. Every machine we have put out so far has made other sales in the same neighborhood.

Our offer is to send you a Chatham Incubator at once, freight prepaid by us without one cent of cash from you. You make your first payment in October, 1905. The balance to be paid in October, 1906, or if a Cash Buyer you get it cheaper. Could any offer be fairer or more generous?

Write us today for full particulars of our offer and mention this paper. Don't put it aside for another time as this special proposition may be withdrawn at any time.

Mr. Bergeron Wants to Quote the B.N.A. Act and Then Explain it After His Own Fashion

Ottawa, June 17.—Mr. Bergeron, M.P., has given notice of the following amendments to the proposed amendment of Sir Wilfrid Laurier to clause 16: "That all the words of the amendment be struck out and the following substituted therefor; section 93 of the British North America Act, 1867, shall apply to the said Province as if at the date fixed for the coming into force of this act, the territory included in the said Province were already a Province, the word 'union' in the said section meaning the said date. The Legislature shall have the right to pass laws with reference to education, but it shall always guarantee (a) the existence of separate schools and their enjoyment by the minority; (c) the full liberty of the majority in any school section to have such schools as it may desire; (d) the equitable and proportionate distribution between the majority and the minority of all moneys appropriated for education."

STRATHCONA ITEMS.

[From the Philadelpher]

Building of an addition to Douglas Bros. store will be begun at once. It will be erected on the west of the present structure and will double the floor space of the store.

The heavy showers of Wednesday last spoiled the picnic arranged by the farmers and firemen to have been held at McKernan's lake—it has been postponed until Friday next.

Bishop Enkhlan conducted services in the Anglican Church, Strathcona, last Sunday. The services were of a special character, the first at 8 o'clock, the next at 11 and the regular evening service. In the afternoon His Lordship preached at Colchester Church.

Mr. Wm. Whyte, second vice-president and western manager of the C. P.R., visited Strathcona on Friday last and on appointment, previously arranged, met a delegation of the town council to discuss railway matters. The conference was the outcome of the visit of Messrs. Rutherford and McKinnon to Ottawa in February last. Mr. Whyte expressed the desire of the C. P.R. to make Strathcona their headquarters in northern Alberta and indicated their willingness to enter into an agreement with the town regarding divisional facilities for their future operations in this district. Discussing the bridge question Mr. Whyte said the company would not begin building this season. He said that their policy regarding trilateral Cambridge to the effect that been fully matured, but would be before the high bridge between Strathcona and Edmonton had been completed and immediately after that, construction into new territory would be pushed. The conference was most cordial and Mr. Whyte fully maintained the reputation he has earned among western business men of being fair and reasonable in the administration of the affairs of his department of the railway service.

ONE of the advantages of the Cuban tobacco I procure, is that it is almost entirely cured by nature.

The climate is so hot that the tobacco sweats naturally—the leaf is ripened uniformly and the subsequent process of curing favorably promoted.

With the expert attention the leaf receives in Cuba it is pretty thoroughly cured and preserved—and its fragrant aroma developed by having been slowly fermented. I allow it to remain in my warehouse from 2 to 3 years, until it has sufficiently aged and has that mellowness that age alone can give. It takes a lot of study and experience to know when Havana tobacco is just right. Flarach tobacco is always just right.

J. BRUCE PAYNE, Limited, Granby, P.Q.

So much for the filler. For the kinder I use a Connecticut leaf, the best that money can lay. I import the wrapper, a clear leaf Sumatra direct from Amsterdam, Holland.—J. B. P.

LEEMING, WILES & CO., MONTREAL.

FORT SASKATCHEWAN NEWS.

[From the Reporter]

Rev. W. J. Howard, B. D., the newly appointed Methodist minister accompanied by Mrs. Howard and son, have arrived. Mr. Howard will begin his ministry here on Sunday, June 25.

On Saturday a team, hitched to a buggy belonging to Mr. W. Atkinson, bolted, and the occupants, Mr. Atkinson and Mr. W. Walker were thrown out and received a considerable bruising and shaking.

Mr. T. Chalmers, of the Canadian Northern building department, is staying in the town on business connected with the construction of the temporary bridge. We understand that he will stay here until the work is completed.

Rev. Dr. McQueen, of Edmonton, is to visit the Fort this week. He will conduct the anniversary service in the church at Partridge Hill on Sunday afternoon at 3 o'clock. That same evening at 7.30 he will conduct the service at the Fort, and on Monday evening he will give a lecture in the church on his "Trip Through Scotland."

One of the boldest and most daring arrests in the history of our young town was the cause of much interest and excitement last evening when Chief of Police Wright separated two pugilistic disturbers of the peace, who had from St. Albert, and had been worshipping too freely at the shrine of Bacchus. After a few minutes' general mix-up, the constables succeeded in placing the leader under arrest, and soon had him safely lodged behind the prison bars.

A very pretty and quiet wedding was solemnized at the home of Mrs. Andrew Walker, Fort Saskatchewan, on Wednesday afternoon, June 15, when Miss Anna S. Lindman, B.A., daughter of Louise Bridge church, Winnipeg, was united in the bonds of matrimony to Miss Nellie H. Young, daughter of Mrs. Walker, Rev. Dr. McQueen, B.A., performed the ceremony. Only the relatives and a few intimate friends were present.

The air is full of railroad talk. During the past few days the Canadian Northern railway right of way agents have been at work among houses on the surveyed line. It would be contrary to their religion to take the public into their confidence. However, we have reason to believe that the C. N. R. is friendly disposed towards Fort Saskatchewan; also, certainly this town is friendly towards the C. N. R. Work will soon be begun on the construction of the temporary bridge at this place. John Walker, of Edmonton, has the contract for supplying the timber for this structure. Part of this is being shipped by the mill, and the larger timber from outside firms at the coast. The C. Y. & P. are building a spur line to the river near the Edmonton bridge to facilitate the handling of the material so that the timbers may be placed in the water and floated to the Fort. Work on the bridge will be begun as soon as the material is on the ground.

Opposed to Party Lines

Lethbridge, June 14.—Dr. DeVehner, M. L. A., in a letter to the Lethbridge News, denies the report that he is not doing all he can to secure proper representation for Southern Alberta.

He says: "To remove any doubt, however as to my feelings regarding distribution, I may state I was one of a large delegation that interviewed the Hon. F. Oliver at Calgary on April 27 last made our protest and advocated that distribution be left to the judges or some other such non-interested party.

This does not look like absolute indifference, I may further state that in my opinion the bulk of the population lies south of Red Deer (unfortunately there is no means to prove it) therefore that the South is entitled to representation accordingly and that I shall use every legitimate means in my power to uphold this contention. To be explicit: Representation goes by population. If the north has the majority of population it is entitled to representation accordingly. If the south has the majority it is entitled to the odd representative. Until convinced by a census that I am mistaken I am of the opinion that the south has the majority and will act accordingly.

You mention in your editorial the introduction of party politics, and whilst I have pen in hand I may as well allude to it. I have represented this district in the Assembly during two of its terms. On neither of these occasions did I run on party lines, nor have I in any way or on any occasion allowed Dominion politics to influence any decision or action of mine. I have given an undeviating support to Mr. Haultain, a Conservative in Dominion politics, but whose opinions re introduction of party politics in the North West House coincide with mine. The first few years of the new provinces will be the critical time, and in their formation in the making of laws to govern them, in the forming of the new departments and in the placing of them on a good foundation, will require all the men of experience and ability available, irrespective of politics. Holding such opinions, you may rest assured that should party lines be introduced it will be none of my seeking."

HOT AIR FURNACES

If you have any idea of heating your house with hot air, it will pay you to look into the "PEASE."

This Furnace is considered one of the very best made, and when installed by a first class mechanic is sure to give satisfaction. Ross Bros. are the sole agents for this district, and they employ none but the best workmen, as some of the following testimonials from some of our best known citizens should convince you. We have a large number of these testimonials, every one of which is from gentlemen who have used the PEASE FURNACE.

We put a large number in Edmonton during last year, and in every instance the purchasers were well pleased, and do not hesitate to speak in the highest terms of them.

TESTIMONIALS.

FROM MALCOLM GROAT, Edmonton.
J. J. MELLON, Strathcona.
JAS. H. WOOD, Athabasca Landing.
W. H. COOPER, Edmonton.
KING POWELL, Edmonton.
J. B. MERCER, "
C. W. CROSS, "
R. J. MANSON, "

Sole Agents for Edmonton ROSS, BROS. Limited.

Ross Bros.,

Gentlemen:—

The hot air heating system that you installed in my house last summer, and which has been thoroughly tested during the past winter, has given me splendid satisfaction. All parts of my house, which are in an exposed position on the crest of the river bank, were comfortably heated at all times. The coal consumed during the winter was not large, and it burns the Edmonton coal perfectly. I am very well satisfied with the heating system, and the workmanship and the material used on the job is of the best, and would recommend your furnace to any one.

Yours truly,
MALCOLM GROAT.

Ross Bros.,

Gentlemen:—

Replying to yours re the furnace I purchased from you and which your workmen put in my store (The Hudson Bay Store) I am well satisfied with it. The store is 35 x 40, with a 15 foot ceiling, plate glass front, and when the thermometer stood at 22 below zero the store was easily heated at all times. The workmanship is first class in every particular. The fuel consumed is small considering the results we get. There is no smoke or leakage of gas, and the furnace is very easily managed. I can heartily recommend your furnace to any intending purchaser, as I am sure there can be no fault found with them.

Yours truly,
JAMES H. WOOD.

Ross Bros.,

Gentlemen:—

Regarding the warm air furnace which you installed in my house, I may say that I am perfectly satisfied with it. I had no difficulty whatever in heating the whole house in all kinds of weather. No heat is wasted in the cellar, and I had no trouble with the pipes not working in windy weather. I find it easy to manage, and economical on fuel, and were I to build again, I would have no other kind of furnace, and I would recommend it to any person wanting one.

Yours truly,
W. H. COOPER.

Ross Bros., Limited,

Gentlemen:—

The furnace you placed in my house last year has given us the very best of satisfaction, and every room in the house is evenly heated, and I find that it burns the Edmonton coal very economically, and is easy to manage and free from dust or gas. I would cheerfully recommend it to anyone.

Yours truly,
KING POWELL.

Ross Bros., Limited.

Gentlemen:—

The Furnace you placed in the house I live in (owned by J. N. Pomereau) has given us perfect satisfaction. In fact we can make it too warm to live in if we were to let the furnace burn freely, and have never been troubled with either smoke, gas or dust. I find it very easy to manage, and I am certain we could not keep the house as comfortable with stoves on anything like the same amount of fuel, and would recommend it to any person wanting a good furnace.

Yours truly,
J. B. MERCER.

Ross Bros.,

Gentlemen:—

After using your Furnace all winter it gives me great pleasure to recommend it to any one. I used another make of Furnace for four years in the same house, previous to getting this furnace from you, and find your Furnace a great improvement over the old one. I find it free from dust, gas or smoke, and easy to manage, and that the grate burns the Edmonton coal perfectly. My house is more evenly heated with only a little over half the fuel, and I might say that the material and workmanship in connection with the installation of the Furnace is of the best.

Yours truly,
R. J. MANSON.

Messrs. Ross Bros.,

Gentlemen:—

The Furnace you installed in my house last summer has given me perfect satisfaction in every respect, and free from gas or dust, and find that I get more heat from less fuel out of your furnace than I could from the old Furnace you took out. Therefore would cheerfully recommend your Furnace to any person wanting one.

Yours truly,
C. W. CROSS.

Ross Bros.,

Gentlemen:—

The hot air heating system that you installed in my hotel, has proved to be all and more than you represented it to be, and would not change it for the old system if I had to pay double what it cost me, as I find your Furnace only uses about half the amount of coal that the old Furnace used. In fact one Furnace now heats the whole hotel, except in extreme cold weather, while it took both the old Furnaces going full blast all the time to heat the hotel other winters. I find your furnace not only a fuel saver, but easy to manage, free from dust, smoke or gas, and would be pleased to recommend it to any person wanting one.

Yours truly,
J. J. MELLON, Strathcona.

Ross Bros. Ltd.

Thirty Years in the Wilds

[Winnipeg Tribune]

His hair and heavy beard faded to a silvery gray, his hands hardened and calloused and his small and slender figure stooped under the labors and anxieties of over thirty years' missionary activities in the far northwest, beyond the outposts of civilization, Rev. Stephen Bonnard, O.M.I., is visiting at St. Mary's presbytery, enjoying a brief respite from his duties at the mission of Cross Lake, on the Nelson river, and two-score miles beyond the northwest corner of Lake Winnipeg. Cross Lake is about 450 miles due north of Winnipeg, and three days are occupied in reaching it by steamboat from Selkirk.

Father Bonnard came out from Old France when twenty-six years of age, a newly ordained priest, to dedicate his life to the propagation of Christianity among the then savage Indians of the Canadian Northwest. His first field of work was on the fringe of Esquimaux land, among the Chipewyans about Lac Caribou, the first mail post on the Churchill river after the packet leaves Fort Churchill on Hudson's Bay. Three winters were spent there, when Father Bonnard was transferred to Pelican Narrows, a point on the same river, 500 miles from the northwest end of Lake Winnipeg, where he labored for twenty-six consecutive years. Since 1901 the venerable missionary has labored among the Indians at Cross Lake.

THE EARLY SAVAGES.

"I shall never forget my first view of the American aborigines among whom I was to work," said the old priest, "it was when I was crossing the western plains in 1874 with Bishop Grandin, late of St. Albert, on my way to my first mission. In French we call the Indians 'les sauvages,' and these people we saw were savages in the true sense of the word. (The women wore only a skirt and the men simply a little apron, or if the weather was inclement, sometimes you would see them going about with a buffalo robe over their bare shoulders. These were the Indians of the plains, and I was greatly surprised to find as we went further north and got among the 'Rockies' I mean the Indians, not the mountaineers—that they appeared in garb so like that of a *namawida*. In the swampy lands *namawida*; in Athabasca, *namwira*; in Labrador, *namawila*.

"But otherwise the Cree language is the same the continent over. I believe it is the richest of the Indian languages and certainly is the most universal. From Labrador to the Mackenzie river you can make your way among the Indians with the Cree language; it is not the same with any others. Why? This universality of the language may be traced to the fact that the pioneer Scotch and French settlers, almost without exception, married among the Crees, because, I believe the Crees are the most intelligent of the Canadian Indians. The place of habitation affects the Indians in a more important way than in their language. It is a positively known fact that the Indians of the plains are steadily dying out while the Swampies and the Rockies are just as surely increasing. My mission registers prove the latter in figures, as I have about thirty baptisms of children in a year as against four or five deaths."

CHRISTIANIZING INDIANS.

Speaking of the civilizing and the Christianizing of the Indians, Father Bonnard said, "After my years among the Indians, I can say confidently that the pagan Indian once truly converted generally becomes a good and steady man that I did not know they were Indians until told by my clerics. The reason for this anomaly was that the latter Indians lived along the route followed by the white traders, who would strike into the interior country from the north end of Lake Winnipeg, and continue northwesterly by way of Cedar Lake and Cumberland Lake and the Churchill river.

CURIOUS TRIBAL TRAITS.

"These Indians I called 'Rockies,' but they are Crees. Perhaps you may not know that the Crees are divided into four branches each of which is determined by the nature of the country which it inhabits—a most curious thing. There are the Rockies, the Swampies, the Bush Crees, and the Crees of the Plain. And more peculiar still, the language of each differs, though not fundamentally, yet distinctively in pronunciation. In the language of the Crees of the plains, which is the mother tongue, the vowels—*a, e, i, o* and *u*—are preceded by *y*. But the Crees of the swampies use *y* and those of the rocks and bush use *y*. Instead, while I am told that there is a branch of these Indians in Athabasca that use *y* and those of Labrador substitute *y*. Thus the negative *no*, is said among these

different branches of the tribe as follows. On the plains, *namawila*; among the rocks and in the bush, *fast Christian*. But I must say I have found it generally harder to moralize the Indian who has once been a Methodist than the pagan. It is not so with the Church of England Indian. The Church of England missionaries are sensible, broad-souled men, but the Indians are not taught the commandments of God by the Methodists so much as the commandments of the Methodists. An Indian is not supposed to catch fish for his dinner on Sunday. He should not lay off and these are not the commandments of God and they tend to make hypocrites of the Indians. Not only do we find this, but the Hudson's Bay people and merchants also notice this fact. As to the Esquimaux it is not possible, it seems, for a missionary to live among them, they are so dirty and immoral. It is seldom, indeed, that there is truly an Esquimaux convert. Father Bonnard has at Cross Lake one of the finest missionary chapels in the interior of the Northwest country, costing \$3,000, and he is now urging the establishment of a boarding school in the mission in addition to the day school, as he finds that it is difficult to get the children to speak English after they leave their homes after the day school session. Father Bonnard does not believe that the Indians will ever change very radically from their present mode of life, which is fishing and hunting in the summer, and trapping and hunting in the winter. They conduct small gardens, growing fine vegetables, but beyond that they do not seem to get into farming.

ANOTHER WONDERFUL CASE.

Here is something that will be Welcome News to Many a Discouraged One.

"For several years I have been troubled with gas around my heart, shortness of breath, in fact, if I walked my usual gait my breath would get so short I would be compelled to make several stops during my walk."
"Of late my food did not digest properly. It turned sour in my stomach, causing me great distress; often, too, I had disagreeable attacks of belching gas and heartburn."
"I was bothered with severe pains across the small of my back and the least bending or turning would cause me to almost cry out."
"I was induced to try Dr. Leonard's Anti-Pill and from the very first found relief."
"For the last three months I have had no recurrence of my former complaints, so I am bound to say Anti-Pill has indeed cured me."
This is the voluntary statement of Wm. H. Reed, of 165 Queen St., Kingston, Ont. All Druggists sell Anti-Pill. The Wilson-Pyle Co., Limited, Niagara Falls, Ont. The remedy that cured such an extreme case is surely worth trying.

STRAIN SERVICE:—Leaves for Strathcona 7.45 and 15.30. Arrives from Strathcona 9.15 and 10.50.

LOCAL

—H. J. Ward representing the Ro-cian Comic Opera Co. is in the city.

—All are invited to the mass meeting in the rink tomorrow evening.

—The hydrant opposite the Bulletin office was taken up this morning for repairs.

—The McMaster band will hold a mass meeting in the rink tomorrow evening at eight o'clock.

—J. Haper came in from Ashland, Wis., last night and will be employed in the Edmonton cigar factory.

—A special meeting of the women's hospital aid society will be held in All Saints school room at 3 o'clock on Monday.

—Rev. C. H. Huestis left on Thursday for Toronto to attend a Sunday school convention. He will be absent about ten days.

—The Chinese case, in which Wing Lee charges Wong Foo with stealing \$250 has been remanded by P. M. Cowan until Thursday next.

—H. W. Holling, traveling representative of the San Francisco Examiner, is in the city for a few days looking after the interests of his firm.

—Rev. Dr. McQueen conducts anniversary services at Partridge Hills tomorrow afternoon and preaches in Fort Saskatchewan in the evening. He also lectures in the Fort on Monday evening.

—A football match will be played at McDiarmid's grove, Poplar Lake, at 4 p.m. on Friday, June 23, between teams representing Poplar Lake and Namsa. Refreshments will be served after the game.

—Patrick Donovan, son of Mrs. Tuncely, died at the general hospital on Friday morning. The funeral will be held on Monday, leaving Mr. E. S. Reed's house, Fifth street for St. Joachim's R. C. church at 8.45 a.m.

—The teachers and pupils of the Sunday school of Grace Methodist church are planning this afternoon on the vacant lots between Kinslino and boundary avenues. The afternoon will be spent in baseball and other games and lunch will be served.

—About forty couples attended the promenade given by the hockey club in the rink last evening. Music was furnished by Clarke's orchestra and a very enjoyable evening was spent by all present.

—The water service on a portion of Jasper avenue was unceremoniously shut off this morning pending repairs to a hydrant. No notice was given patrons and serious inconvenience resulted in some cases. In the engine room of the Bulletin office the fuses had to be drawn and the boiler cooled as no supply of water had been secured. In the meantime the engine room and press room staffs were idle and the machinery useless. For the resultant loss of time and inconvenience the city will be asked to pay.

PERSONAL

A. A. Morrow returned from Ontario yesterday.

J. McJannett returned yesterday from the south.

Bishop Legat went to Macleod this morning.

A. G. Harrison went to Wetaskiwin today.

MEETING OF CITY COUNCIL

The council met in the city hall last evening in regular meeting. The following reports and petitions were considered.

MCKAY AVENUE SCHOOL BUILDING

A request from the school board that the city grant two acres of the old insurance ground as a site for the former McKay avenue school building was not considered. The council deeming it advisable to reserve this land for other purposes.

HALF HOLIDAYS

A petition signed by seven different athletic clubs of the city requesting the council to set aside Saturday afternoon as half holiday, so that the stores would be closed was not granted.

BANK OF RIVER SOUTH OF JASPER

A petition signed by property owners requesting that steps be taken to prevent the land slides on the river bank just back of the business houses on the south side of Jasper was forwarded to the Minister of the Interior asking him to lay the matter before the Government.

PETITION OF LIVERYMEN

A petition of the liverymen requesting the preventing of feeding of teams on the streets or market square was not granted.

GALLAGHER STREET

A petition requesting the opening of and building sidewalks along Gallagher street was left to the commissioners to look into and report.

REPORT OF MCKAY AVENUE GRADING

A report of the commissioners read advising the grading of McKay avenue, not to cost over \$339, one-third to be paid by property owners with frontage tax and balance by city. Was passed.

ISOLATION HOSPITAL.

A report of the commissioners in regard to the isolation hospital was laid on the table.

OPENING NEW LANES.

A report of the commissioners advising the opening of certain lanes, was adopted.

SIDEWALK ABOUT MARKET SQUARE

The commissioners reported advising the construction of a twelve foot sidewalk on the north and south sides of the market square. Adopted.

FIRE BYLAW.

A request that the fire bylaw be amended, making the fire limits Third street instead of Second street was passed.

DAIRY BYLAW

The new dairy bylaw respecting the inspection and vending of milk was passed, it being decided that a rebate of one-fifth of the license be allowed and that the charge be made pro rata from the first of the month.

POUNDKEEPER & VETERINARY INSPECTOR.

The question of salaries for the dog poundkeeper and veterinary inspector was referred to the commissioners for report.

INSURANCE AGENTS' LICENSE.

The solicitor was requested to draw up a bylaw to the effect that where a general and also a sub-agent of an insurance company reside in the city, the general agent be the only one required to hold a license; at the present time it being necessary for both to secure licenses.

Garipey & Lessard
Liverpool and London and Globe Insurance Company.

Mr. Fred W. Pace, superintendent of the Liverpool & London & Globe Fire Insurance Company, has appointed Mr. C. E. McManus to represent the company here, replacing Messrs. Weeks & Co. who have resigned. Mr. Pace finds their business in a prosperous condition and expects a large increase of business from the new agency. All policies will be written here, without delay of sending away for signature. The Liverpool & London & Globe Insurance Company also guarantee all the policies of the Manitoba Insurance Co., which is represented in Edmonton by Alfred Allayne Jones.

C. E. McMANUS, EDMONTON AGENT.
